

Sale Name: October 13th , 2023 - Truck, Trailer and Equipment Auction

LOT 1307 - 2004 JEKKO IMAI SPD260C MINI CRANE

Year 2004

Make JEKKO IMAI

Model SPD260C

Detailed Category MINI CRANE

Serial Number 020-04

Track Type Rubber

Boom Swing Yes

Notes The system has been constructed to carry out handling and lifting operations by means of a crane installed on a steel frame. The main characteristic of this system is its peculiar versatility as the frame structure has been realized on a trucked vehicle. It is therefore easy to transport by means of the vehicle on which it is installed. The machine can be used in places where usual machines and equipment can't arrive. it has four jib booms, equipped with stabilization jacks on their top. The winch is used to handle the loads.

Stock # 71618
